Art Unit: 1652

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 12-15, drawn to a protein of SEQ ID NO:6 or encoded by SEQ ID NO:5.

Group II, claims 12-14 and 16, drawn to a protein of SEQ ID NO:8 or encoded by SEQ ID NO:7.

Group III, claim 17, drawn to a method of producing kappa-oligocarageenans comprising genetically modifying a host cell with SEQ ID NO:5.

Group IV, claim 17, drawn to a method of producing kappa-oligocarageenans comprising genetically modifying a host cell with SEQ ID NO:7.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The proteins of SEQ ID NO:6 and 8 and the nucleic acids of SEQ ID NO:5 and 7 are completely structurally different. The method of producing kappa-oligocarageenans of Groups III and IV involve cloning the gene for the particular enzyme while Groups I and II only involve the protein, not related to the cloning of the gene. The protein of Groups I and II, as claimed, could be obtained from a natural source not involving the cloning of the respective genes.

Art Unit: 1652

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(k) and by the fee required under 37 CFR 1.17(i).
